

# Technical Protocol on Transformation of VMP and Biocides in Manures

Braunschweig, 23 March 2009

**Dear Colleagues,**

within two R&D projects on Transformation of VMP and Biocides in Manures funded by the German Federal Environmental Agency (UBA) and managed by the Institute of Ecological Chemistry and Waste Analysis, Technische Universität Braunschweig, Germany, we appreciate to invite you as experts of research institutions, industry and authorities to the

## **UBA Expert Meeting**

held at Technische Universität Braunschweig, Germany

**27 May 2009, 10:00 to 16:00 h.**

Based on the outcomes of both R&D projects, we would like to introduce to you the **Technical Protocol on Transformation of VMP and Biocides in Manures** in order to advance a final draft for regulatory work. This meeting will thus act on the discussion about the EMEA Concept Paper "On Fate of VMP in Manure" assisting the CVMP ERAWP to hold a focus group meeting at EMEA in June/July 2009. Therefore, your presentations about your methodological experiences in testing of transformation of VMP and biocides in manures are most welcome.

Please, announce your participation – with or without your 20-min oral presentation – in the UBA Expert Meeting **before 1 May 2009** via e-mail to [r.kreuzig@tu-bs.de](mailto:r.kreuzig@tu-bs.de). Braunschweig can be easily arrived by Deutsche Bahn at Braunschweig Railway Station or via flight to Hanover Airport followed by a shuttle transfer (35 min) to the hotel or to the venue at Technische Universität Braunschweig. If designated, we will book for you a hotel accommodation at Ringhotels Deutsches Haus (74.- € incl. breakfast). We are very sorry not to be able to pay for your travelling expenses within the frame of the Biocide Project. Furthermore, we ask you, please, to pay the Workshop Fee of € 30.- incl. VAT enabling us to pay for the workshop catering.

Looking forward to meeting you in Braunschweig.

Kind regards

**Robert Kreuzig**  
(EcoChemistry, TUBS)

**Joop de Knecht**
